To whom it may concern.

I have known Scott Boulderstone since I opened Beach Road Restaurant in 2003 when we started playing live music every weekend.

Since then Scott has acted as booking agent for Beach Road, resourcing, vetting, suggesting and booking all of the bands we have had over those years.

Scott also goes beyond the booking to place occasional promotional stories about the various bands and the restaurant in the Manly Daily.

In the past 8 years, I have found Scott's service and band placement to be impeccable, with no issues, which couldn't be resolved before the gig starts.

Scott has an excellent ear, not only for the right music to suit our venue, but an ear that listens to our various requests, budget restraints and negotiates with the all bands to a mutual benefit for all parties.

I take pride in recommending Scott as an excellent agent, who works in the industry and keeps you informed of new acts, which become available as he finds them.

Feel free to call me anytime on 0412 642 734 if you require further information
